SHIPPING OF A SAMPLE FOR PCR ANALYSIS

Notification of Shipment:
Please send us an email at whgdiagnostics@ugent.be when you dispatch the samples. In your email, include:

- The number of samples and their types.
- The method of shipment (e.g., by post, courier).
- Any tracking code(s).

By providing this information, we can accurately monitor the delivery of your samples and ensure they are processed in a timely and correct manner.

Shipping Address:

An Martel (Diagnostics)
Laboratory of Veterinary Bacteriology and Mycology
Salisburylaan 133; Entrance 79
Faculty of Veterinary Medicine
9820 Merelbeke
Belgium

Important Notes:

- Ensure that samples are accompanied by a completely and correctly filled-out request form.
- Check that containers are securely closed and undamaged to prevent spillage or leakage.
- Use unique numbering if multiple containers are present in one shipping bag.
